

Acupuncture

Acupuncture uses fine sterile needles placed at certain "acupuncture points" on the body to adjust the flow of Qi or vital energy flowing just beneath the skin. It aims to rebalance the body's naturally opposite forces of Yin and Yang.

Holistic Therapy

The ethos of The Laboratory has always been strongly rooted in an alternative approach to healing & relaxation and this is reflected in our extensive Holistic Day Spa Menu. Alongside more conventional therapies such as Sports Massage & Physiotherapy we also offer treatments such as Tui Na, Accupuncture, Energy Healing & Yoga Therapy.

Here at The Laboratory we believe that to create a treatment that will leave the client in a state of deep relaxation and with a sense of wellbeing the mind and body should be treated as one. All of our holistic treatments are carried out by qualified, experienced therapists who will be happy to help you decide which treatment may be more appropriate for your particular needs.....
